

Vendor Analysis Detail Report

Would users want to know your Inventory (in Units or Dollar amount) as of ANY date?
 CSE's Detailed Sales Analysis by Vendor and Location report prints that information along
 with Quantity of Units Quantities On order. The same report can show Dollar value of Inventory on
 hand, value of inventory sold and value of Inventory on order for All locations AND for each location.

(Sample below shows current inventory units for a grided item, at three locations).
